

Feel Alright Announce Mammoth Cave 7-Inch, Canadian Tour

PUBLISHED MAY 8, 2012

Pittsburgh-via-Calgary jangle pop enthusiasts Feel Alright left a lasting impression with last year's debut cassette hahahahahahaha, but they've always been the kind of band who deserve the vinyl treatment. Thankfully, they'll take the plunge with their debut slab of wax on Mammoth Cave Recording Co. this summer.

The three-song seven-inch is called *Oahu Ohio* and includes a new version of the title track (which originally appeared on *hahahahahahaha*), along with two new cuts. While a definitive release date has not yet been confirmed, the record is expected in June. For now, the whole thing can be streamed below.

In addition to the seven-inch, *hahahahahahaha* will receive a cassette reissue via Montreal's Kinnta. That will be out just in time for Feel Alright's Canadian tour dates, which are available below.

Tour dates:

5/25 Montreal, QC - Brasserie Beaubien
5/26 Toronto, ON - Abyss
5/27 London, ON - Hot Dog Musique and Cinema
5/28 Ottawa, ON - TBA
5/29 Montreal, QC - Silver Door
5/31 Sackville, NB - TBA
6/1 Halifax, NS - CKDU (live on air)
6/1 Halifax, NS - Bus Stop Theatre
